

EATON COUNTY ROAD COMMISSION

PUBLIC NOTICE OF BRUSH CONTROL HERBICIDE PROGRAM

The Eaton County Road Commission hereby provides notice to the public and property owners adjacent to county roads of the 2006 herbicide application program in Benton, Delta, Oneida, and Windsor Townships in Eaton County.

Application will be made to control brush in county road right of way by foliar application using hand gun equipment only. The following herbicide will be tank mixed for foliar application:

Krenite S (Fosamine Ammonium) and a sticker-spreader NuFilm 1R (Poly-L-P-Menthene) together with a drift control agent Mistrol 336 (Polyvinyl Polymer).

Application will be made to all county roadsides where brush is present outside of platted subdivisions or in residential lawn areas between August 1, 2006 and October 1, 2006.

All applications will be made by a certified applicator under contract with the Eaton County Road Commission.
